PROFESSIONAL SUMMARY

Procurement Specialist with a Bachelor of Science in Supply Chain Management & Maritime Business from King Abdulaziz University and hands-on experience running end-to-end purchasing on Oracle Fusion. Combines strong supplier negotiation and RFQ analysis with data-driven reporting (Excel, Power BI) to keep purchasing accurate, cost-effective, and on schedule.

KEY ACHIEVEMENTS

- Managed 500+ purchase orders across 50+ active suppliers on Oracle Fusion, totaling SAR 1,330,000+ in procurement value.
- Sustained an average monthly purchasing volume of SAR 220,000+ across 80+ POs with zero major order errors.
- Negotiated pricing and delivery terms across a diversified supplier base, strengthening cost control on recurring purchase categories.
- Led supplier tenders and cost-saving initiatives, achieving measurable reductions in procurement spend.
- Completed a full rotational training across 7 logistics divisions at LogiPoint, from cargo receipt to customs clearance.

PROFESSIONAL EXPERIENCE

Procurement Specialist — Nahdi Logistics

Mar 2026 – Present

- Completed the Tamheer program (6 months) and was retained as a full-time Procurement Specialist, continuing in the role.
- Ran daily PR/PO review and validation on Oracle Fusion, keeping requisition-to-order accuracy high and rework low.
- Tracked supplier performance and followed up consistently to protect on-time delivery.
- Analyzed competing quotations (RFQ) across suppliers to support cost-effective sourcing decisions.
- Coordinated with warehouse, operations, and finance teams to keep supply flow uninterrupted.
- Served as Acting Supervisor for the section on two occasions, overseeing daily operations and team coordination in the supervisor's absence.

Supply Chain Intern — LogiPoint

Aug 2025 – Jan 2026

- Rotated across Documentation, Warehouse, Yard, Custom Inspection Yard (CIY), VAS, Transportation, Customs Clearance, and Customer Service.
- Built practical expertise in documentation control and import/export compliance within a leading logistics zone.
- Collaborated across departments to ensure seamless cargo flow and timely dispatch.
